Ready for outreach

Lecture with Elder Helmut Haubeil

Finally we launched our Austrian/German training center for Health Evangelism on September 17th, 2006.

Much prayer and energy went into the preparation of this institution in Germany. We could not find a

suitable place in Austria, although we searched very hard. But God had a place prepared for us and lead us in a miraculous way to Isny, Germany.

Then the events followed in rapid succession. God had already prepared

everybody and everything in advance. A former German youth hostel now serves as a new home for five students and our team of teachers.

Last year in December I got to know an elderly man. He told us a lot about his life and we had a good talk with him. I asked him if we could meet again. In the first week of school in the new year Andrea and

I visited him again. He welcomed us and again he reminisced about his life. Then we read Psalm 23 and told him about Jesus, our personal shepherd. When we said goodbye, he thanked us for our

encouraging words. We are glad that God introduces us to people we can share our hope with. Praise the Lord!

Student - profile part 1

Violeta Simon, our oldest student is 34 years old and originally comes from Romania. Now she lives in Eisenach, Germany. She has been praying for God's guidance for two years.

When she learned about this school of evangelism she was wondering what to do. But she didn't have much time to think about because she was planning a trip to Italy. She got in her car and off she went towards Italy. But she

didn't get very far due to health problems and had to turn back. What she didn't know was that God had planned everything in advance in order so she could decide immediately to come to TGM. We are thankful that God even uses sickness to show us His way.

Andrea Schleicher, 20 years old, from Munderfing, Austria, paid a short visit to our school while she was waiting to be admitted to a nearby

university. We all prayed for God's guidance in this matter and actually she was refused. She then came to us and we are very happy.

Daniel Handler, is 18 years old and comes from Germany. He is the only "boy" but we are very thankful that God sent him to our place in order for him to deepen his relationship with Christ and to come closer to Him.

Being a daughter of missionaries, **Sabrina Krakolinig** wanted to share the good news to other people and introduce them to Jesus, her best friend since she was a child. Carefully, God had planned each step of her life.

In 2006 she attended the medical missionary school in Ukraine. Natalie, our cook, prepares tasty and healthy food.

When **Philipp Reiner** was still a young child, his parents made a decision for Jesus Christ and were baptized into the Seventh day Adventist Church. Although he could clearly

see what God had done for him he turned his back on Him. During his training at the European Bible School in Norway he experienced a conversion that radically changed his life. Then he worked at the School of Health Evangelism in Portugal, which was supported by the Portuguese Union and OCL.

Philipp arrived at the medical missionary school in Isny in the second week of November. He teaches different subjects and is in charge of the outreach program. He is also responsible for the administrative matters of the school.

Klaus Reinprecht is a manager and he is responsible for TGM from the part of ASI Austria. He also organizes the medical missionary school in Tajikistan/Central Asia. He is very much interested in education, spiritual growth and evangelism.

“The Lord calls upon our young people to enter our schools, and quickly fit themselves for service. In various places, outside of cities, schools are to be established where our youth can receive an education that will prepare them to go forth to do evangelical work and medical missionary work.” (GCB, June 3, 1909 par. 13)
